Saying goodbye

In death, as in life, we can express ourselves authentically. For some of us, the comfort of conventional funeral care helps us come to terms with our loss. For others, it is really important to be personally and intimately involved in the care of the person we have loved and accordingly we are looking for more choice and empowerment in death and funeral care.

We are pleased to support you in whatever form of care you choose to honour the person who has died and to respect the needs of the living.

Everyone mourns differently. At Natural Grace, we are here to help you do just that.

Green funeral choices

People deserve to be cherished in both life and in death. We at Natural Grace express this by using natural products when caring for the deceased, including warm water, essential oils and organic hair and skin care products.

We specialise in arranging funeral ceremonies and celebrations of life in spaces that are meaningful to the family and utilising community resources, including all religious denominations and spiritual groups. Through this practice, we are able to genuinely honour the deceased and their many relationships.

We are proud to have a beautiful range of environmentally sustainable coffins, urns and shrouds and offer natural burial and shrouded cremation in addition to conventional choices.

Do not turn away from the fact of death but together make gentle its effect.

End-of-life planning

We invite you to discuss all of the choices available with us. As our gift to you, please contact us to make an obligation free appointment to help plan your end of life wishes.

Affordable funeral choices

A funeral does not need to cost the earth. We offer a natural, respectful and affordable range of products and services. From beautiful home based ceremonies or shrouded burials and cremations to sustainably sourced coffins; we have many choices to help you keep to budget. By involving your community to cater for a wake or contributing home grown flowers; we strive to help you find meaningful and memorable ways to honour your loved one.

Victorian consumer law requires all funeral directors to offer a low cost all-inclusive option. Please contact us to discuss our dignified and no-fuss offering.

Home based death care

With our carefully selected equipment we can support your decision to care for your family member at home. You can comfortably keep your loved one's body cool using our technology and can care for them knowing we are right there with you. You can take all the time you need to adjust to the death and to gently begin the preparation of the body for the funeral. With our discreet assistance you can wash, dress and prepare the body in your own time and in your own way. Our gentle professional team can be as involved as much or as little as you desire. We are on call 24 hours a day if you require urgent assistance with the care of your family member.
